

COVID-19 ANNOUNCEMENT

On Monday, November 16th, St. Paul Church learned that an individual who attended the 4 p.m. Mass on Saturday November 14th and 10 a.m. Mass on Sunday November 15th, tested positive for COVID-19. The person is not hospitalized, but is showing symptoms of the virus, and is isolated at home. The individual was wearing a mask for the majority of the mass (they removed their mask for a short period of time) and practiced social distancing. We are grateful that the individual immediately notified St. Paul Church of the test results.

St. Paul Church remains absolutely committed to following the precautions put in place in accord with federal, state and local protocols to ensure safety:

- All who enter St. Paul Church must wear a mask the entire time they are in the building;
- Hands must be sanitized when each person enters St. Paul Church;
- A distance of six feet is maintained between parishioners, unless they are of the same household;
- Access to St. Paul Church is maintained through specifically identified doors;
- St. Paul Church is completely sanitized after each Mass.

St. Paul Church staff, and your fellow parishioners, thank you for your full cooperation with these procedures. Be assured that St. Paul Church staff will continue to monitor the Coronavirus pandemic in our community, as well as continue to follow the necessary procedures for health and safety. We will keep you informed of any changes or developments as needed.

If you are concerned about your own health or exposure to the virus, please contact your primary care provider or the Monroe County Health Department at 585-753-5555.
